Dbf	3	4	5	8	10	12	

Handicap Options: \$10.00 per Gun Money divided among shooters tying top score. Table will be posted at registration.

iShoot Management

Champion, Runner-Up, 3rd, Class Shoot-offs

Shoot-offs for each event will be scheduled by each host club following the completion of that event at that club and when fields become available. Host clubs having available fields should allow those fields to be used for shoot-offs especially on the final day of events to afford shooters the ability to shoot-off before the end of the day.

iShoot will shoot-off Champion, Runner-Up, 3rd, Class 1st, Class 2nd, and Class 3rd at all shoots to benefit Shooters with the most points available. Shooters who are involved in shoot-offs should report to the shoot-off field at their host club with two boxes of shells and some proofs.

Shooters will shoot doubles on 3-4-5, NSSA Rules, until they complete the box or until 2 misses. Clubs will post shoot-off long-runs at: <http://ishoot.ishoots.org/ishoot/>

Concurrent Events are Honors Only and carry no entry fee. CH, RU, 3rd, Group I 1st, 2nd will be reported. CH for each concurrent will be shot off in the case of ties. Concurrent Shoot Offs will be done with Championship and Class shoot-offs where possible. Long Runs will be used to break ties other than CH.

iShoot shoot-off procedures are posted at <http://ishoot.ishoots.org/ishoot/> Clubs will upload copies of shoot-off score-sheets in electronic format for review in the event of questions by shooters attending the iShoot.

5 Guns / 500 Targets

iShoot Management

The Spirit of the Legends iShoot is to foster shooting at the smallest to the largest of clubs in a more laid back atmosphere primarily to their shooting membership.

There will be those who prefer to travel to a specific host club. If you are ***not a member*** of that host club please coordinate with the club prior to the event to ensure what facilities will be available during the event and any local executive orders or mandates still in place at the time of the event.

With this in mind each Host club has the ability to modify its rotation schedule to facilitate shooting at their clubs. Please verify shooting times with your host club. An effort will be made to list all club's rotations on the iShoot registration site. As they are subject to change right up to the beginning of the event dependent on club resources please verify shooting times with your host club.

iShoot Management

1) iShoot is the host club that the entire shoot will be reported under. iShoot will report the

targets shot to the host club where shot.

2) Clubs will use the current version of Skeet Manager program (www.skeetsoftware.com). If your club has issues with your install contact Clark Hartness.

3) Clubs will have an administrative login at: <http://ishoot.ishoots.org/ishoot/> to upload data, track scores, and shoot-off management.

4) Clubs will have access to a financial form at: <http://ishoot.ishoots.org/ishoot/> recapping the amount that should be rendered to iShoot. iShoot will distribute these funds to NSSA, State Associations, and winners.

5) Clubs will pay any incurred costs out of the club portion of the shoot proceeds and retain any remaining proceeds as profit.

The situation at every club in every area is different and Shooters must coordinate with their host clubs to ensure what facilities will be available to them during the event at their clubs.

NSSA Rules Revised 2020 will be in effect.

The right to change any part of this program is reserved without recourse or protest.

Practice Rounds available as time and fields permit at applicable host club rates.
